Comments & Reason for Decision:

- Good presentation & delivery.
- Arguments were strong and well-structured.
- Good rebuttal of opponent's points.

- You did a good job of staying on track and handling difficult questions.
- Your arguments were clear and well-supported.
- You continue strong in childcare and economics.
Both had some great attributes. NEG is a great speaker & has some good points. NEGATIVE was clearly better with organization & articulation of her arguments as well as citing credible sources and cross-examination.

Both had some great attributes. AFF is a great speaker & has some good points. NEGATIVE was clearly better with organization & articulation of her arguments as well as citing credible sources and cross-examination.
