Comments & Reason for Decision:

Don't talk over each other in cross.

RFD: I am voting con. Con provided clear examples of affordable housing in the status quo helps to improve poverty reduction. Filtering: through warrant II on the con side they proved that market rate housing destroys affordable housing, Iglesias doesn't quantify or provide a time frame on how ~~how~~ much housing demand is left for ~~low~~ people. But even if I bought that argument ^{high income} they mitigate its impact through time frame stating it would take 100 years to access.

You both really were accessing the same impact and just debating the mechanism to achieving poverty reduction.
